FOR IMMEDIATE RELEASE

STATE ROUTE 237 PAVEMENT REHABILITATION PROJECT

Santa Clara County-- The California Department of Transportation (Caltrans) will begin a Santa Clara County project to grind and repave a portion of State Route 237 from North Fair Oaks Avenue in Sunnyvale to North First Street overcrossing in San Jose. The actual grind and pave operation will start during the week of September 13; however, some preliminary repair work will start on September 8. The work starting September 8 will involve digging out damaged asphalt over several locations and resurfacing those areas with hot mix asphalt. The work will begin as early as 7:00 p.m. to 6:00 a.m. the following day (Monday through Thursday). On September 13, the grinding operation will start along the project corridor followed by paving.

There will be intermittent ramp closures on 9/8 and 9/9 to perform dig out operations prior to grinding and paving. The following ramps are subject to closures:

Closure: EB 237 on-ramp from Lawrence Expressway

Detour: SB Lawrence Expressway; EB Tasman Drive; NB Great America Pkwy; on-ramp to EB 237

Closure: WB 237 on-ramp from Lawrence Expressway

Detour: NB Lawrence Expressway; WB E Caribbean Drive; SB Crossman Ave; on-ramp to WB 237

Closure: EB 237 on-ramp from Great America Parkway

Detour: NB Great America Pkwy; EB Gold St connector; Gold St; EB N Taylor St; SB N 1st St; on-ramp to EB 237

WB 237 on-ramp from Great America Parkway

Detour: NB Great America Pkwy; EB Gold St connector; NB Gold St; EB N Taylor St; SB N 1st St; onramp to WB 237

Closure: WB 237 from north First Street

Detour: NB N 1st St; WB N Taylor St; SB Gold St; WB Gold St connector; onramp to WB 237

Detour signs are in place to direct the public through the work area. Caltrans will never close two consecutive ramps during this project. There will be some noise during the grinding operation; however, it will be kept within approved construction noise levels.

TRAFFIC ADVISORY

The project is expected to be completed by late November, 2015.

For project questions please call Public Information Officer Bernard Walik at 510-286-5705 or email Caltrans at: Bernard_Walik@dot.ca.gov
